Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-19 and 28-35, drawn to a toy building block.

Group II, claim(s) 20-27, drawn to a method of manufacturing a toy building block.

Group III, claim(s) 36, drawn to a toy building construction kit or set.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The process as claimed can be used to make other and materially different products such as, a toy building or habitation.

The inventions listed as Groups II and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The process as claimed can be used to make other and materially different products such as, a toy building or habitation.

The inventions listed as Groups I and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The plurality of image elements for mounting on the planar faces of the respective blocks have utility in other combinations such as, for mounting on the planar faces of toy buildings or box trains and similar vehicles.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one
